

IS THIS STORY TRUE OR FALSE? YOU MUST DECIDE YOURSELF

What I am going to share with you in this letter will be considered both shocking and sensational by some people. But Jesus did a lot of "sensational" things when he was here, like walking on the water, stilling the storm and raising the dead. That same Jesus is still alive and well today in the Most Holy place of the heavenly sanctuary. I am going to just tell you the facts as I have received them and then let you make up your own mind. Ok? Today is March 15, 1982. Last week I received a call from a friend in Koma, Texas about a lady who said an angel had appeared to her. I dialed the number I was given, but she was not there, but she returned my call and related her experience to me over the phone. Her name is Lara Smith. She is married to Ben Smith. They have two children and live in Oklahoma City, Ok. They became SAs 3 1/2 years ago through a colporteur. They have been rejoicing in the 3rd angel's message. Last Nov., 1981, she had a dream in which she saw how God's angels protect people from accidents and how the Devil's angels cause accidents. She told her husband and he believed her. Two miles later she had a vision of some friends and acquaintances. She was shown that some of them were having a close walk with God while others were not. She saw God's angels protecting them. Later on in November, before Thanksgiving, while she was praying and studying the Bible in her home, an angel of God appeared to her, she says. She described the angel as tall as the ceiling, very kingly and majestic looking. He had high cheek bones, a prominent forehead, and beautiful white hair. She said a beautiful white glow radiated out from his presence and this pure white garment of light was tinged with a magnificent aura of gold which surrounded his entire being. She also said the angel had three sets of wings. See Ezek. 1. The index to RCW's writings has over 1500 references to angels which you may wish to study yourself soon. She told me that when Satan's evil angels try to tempt us to sin, they reach out to us and if we give in to the temptation, they are allowed to touch us at that point. But if we repent, the evil angel leaves and God's angel then covers or engulfs us with his wings. I thought that was very beautiful. See Psalm 91, Matt. 23:37, Luke 13:34.

The angel told her to go to the people whom she had seen in the dream and reprove, encourage and rebuke according to their spiritual condition. As I listened to her story over the telephone, March, 11, 1982, I was impressed that she was not doing this for personal reasons. She came across as a non-competitive, quiet, maybe even shy type person who would not like to "reprove or rebuke," anyone. She was a very humble person in the way she responded to my very questions. As a minister, salesman and radio talk show host of many years experience, I can usually sense arrogance, bitterness, resentment, pride, selfishness, impatience, anger, hatred, depression, grief, hurt, etc. in a person's voice. I did not detect any of these traits, but a joyful admission to God's revealed will for her life. She was kind & gentle in all of her responses to my questions and seemed willing, but not eager, to give more details if I asked her. She had not seen several people who read my paper and so knew that I am a minister. After she told me her basic story she asked, "Do you think I am crazy or some kind of nut?" I told her that I didn't but wanted to ask her some more questions, which I did. I have talked to her a number of times since then. In fact, I even asked her to ask God, then the angel if she should talk with me or not and she told me later on that day that the angel told her I was a sincere and true seeker who is looking forward to the coming of Jesus. Someone facetiously remarked, "Well, it's sure nice to know you are on God's side," when I told them what she told me. The angel had said. Later on she told me the angel told her to not have anything to do with another minister who wanted to talk to her and study with her. In her simplicity she told the minister this and he verbally abused her but she just calmly listened to him, someone told me. Her description of the angel is similar in many respects to Roy Snydgar's description and also to J.Z. Wilker's description. I have three taped interviews with J.Z. Wilker, in case you would like to order them. Two of them are interviews I had with him and one is an interview L.E. Tucker did on the QUEST FOR THE BIBLE PROGRAM. They are tapes #760, 761 and 762. \$3.00 each. Wilker was healed by the angel. That is

After Lara Smith was told to go and talk to these people she had seen in a dream and the angel had told her to go and "reprove, encourage and rebuke," she prayed for strength to do it. She decided to let the Lord bring these people to her, if possible, so she would not have to go to them. Later she did have to go to some of them. But one day while she was visiting a friend in the hospital, a man about 33 came into the hospital room to visit his sister. The man acted very nervous and started to leave. Lara said the angel told her to bind the demons that were harassing this man. She told him that he was sinning against God by committing adultery, smoking pot and going to bars. His face had a terrible look on it, but when she began to pray that the demons be cast out, his face changed and he was delivered and began praising God. His face completely changed to an expression of peace, happiness and freedom. He was so happy he was weeping and said that he had been bothered by the demons ever since a preacher had laid hands on him and prayed for him to receive the "Holy Spirit."

She said the angel instructed her to go see an elder in the SA Church who was stealing money from the church and committing adultery among other sins. He denied it all at first, but finally admitted it was all true, down to the last detail. She then asked him if he was going to repent or not. He said that he could not repent for he would lose all of his offices in the church and maybe even his job. She pointed out to him that his eternal life was at stake. But he still said he could not repent. Later she went to see another church leader and when she met him, he was drunk. He also refused to repent. She saw that Jesus was weeping over this man. She said that while she was in a shopping center in a town near Cidume, Texas, some men who said they were leaders in the SA Church came up to her and told her they didn't want her to keep talking to SAs about her experience for they knew that it would stir up the people to study the Bible and the Spirit of prophecy. She said she had seen some of the men's pictures in church papers and was really shocked they would tell her this. She said she must go ahead and do what God chose her to do. She does not claim to be a prophet, but is only doing what God, through His angel, tells her to do.

She said the angel instructed her to go see an elder in the SDA Church who was stealing money from the church and committing adultery among other sins. He denied it all at first, but finally admitted it was all true, down to the last detail. She then asked him if he was going to repent or not. He said that he could not repent for he would lose all of his offices in the church and maybe even his job. She pointed out to him that his eternal life was at stake. But he still said he could not repent. Later she went to see another church leader and when she met him, he was drunk. He also refused to repent. She saw that Jesus was weeping over this man. She said that while she was in a shopping center in a town near Cleburne, Texas, some men who said they were leaders in the SDA Church came up to her and told her they didn't want her to keep talking to SDAs about her experience for they know that it would stir up the people to study the Bible and the Spirit of prophecy. She said she had seen some of the men's pictures in church papers and was really shocked they would tell her this. She said she must go ahead and do what God shows her to do. She does not claim to be a prophet, but is only doing what God, through His angel tells her to do. She said the angel was weeping about the condition in the church and especially over what is happening or being done to the writings of Sr. White. She also told me that God had given her many messages for different people which she was praying about. She is waiting for God to open the way to give messages to certain G.C. men before they close their own probation and are destroyed by Satan. Some of these are Jesuit agents. One CC agent was sent to kill her. He already killed an SDA minister in Wash. state by poisoning him at a potluck because he wouldn't stop speaking out the truth from his pulpit. The angel told her this Jesuit agent was a G.C. "hit" man. She talked to him of his soul. She said that the General Conference's "THOUSAND DAYS OF REAPING," is AN ABOMINATION in the sight of the Lord because they are trying to produce the latter rain for a world-wide rally. She also said that probation is fast closing for the church and that probation would begin closing for the SDA Church between Sept. and Dec. of 1982 if they (the leaders and ministers and people) do not repent of all of their sins. The word from the G.C. that we have heard is that most if not all of the men responsible for the Davenport money scandal and fiasco are being kept on the conf. payroll and will not be fired from their jobs or disciplined in any way. Instead of repenting, the leaders are just covering up for these crimes, especially for the sin of loaning sacred tithe money to Davenport. May God have mercy!

She also said that the angel revealed to her that the Sunday law would come in with the energy crisis and would be accepted and become popular as a means of getting back to God and restoring national greatness and prosperity. She also said that the Sunday law would be a comparatively mild law at first, but would become stricter as time goes along. If I understood her correctly, she stated that they will pass a Sunday law this Sept. and that it would build up to the end of the year and then get stricter in 1983. If this does not come to pass some will say she is a fake. I say each person has to make up his or her own mind. But I would warn every EA to begin thinking of trying to locate their families outside of the cities as soon as possible. This may be the last winter that you will be able to do so whether this Sunday law comes or not in Sept.

She said that the Russian Communists and the USA both have weather war machines which they will be using to cause a lot of problems with the weather. (I wonder if perhaps they have not already been using such machines recently?) But, she said they will really cause a lot of trouble in 1983 and this will cause a lot of turmoil and strife and give more impetus and strength to the National Sunday law. She said the Lord through the angel had showed her that Satan will come as Christ in the clouds to deceive the people, but that Satan's coming is not as beautiful or not as glorious as Christ's coming. Ellen White gives a detailed description of Satan's penetration of Jesus in the book "THE GREAT DECEITFUL," pages 624, 625. I asked her if the angel told her anything about UFOs and she said "no." If Lew Smith's experience is really from God, then this means to me that Satan is really planning a great deception on all the people. He is using UFOs to announce the coming of Christ, which is really his false coming, but when he himself comes, he will not come in a UFO, but in the clouds. This is what I have thought he might do all along so as to trick more people (especially EAs) into believing him when he masquerades as Jesus Christ. She said she doesn't think that he will come as Christ until after the spring of 1983. She says that after the death decree is passed that the weather clears up. This death decree, we know from Sr. White, is the third and final phase of the Sunday law. First there is the National Sunday law, then the International Sunday law and finally the death decree. She said that Satan will walk around the earth and tell the people that if they want the weather aberrations to stop, they will have to kill the Sabbath keepers. This then is when they pass the death decree. She said after the death decree is passed the weather clears up. EW predicted that "men in responsible positions" and "ministers" will tell and "urge upon the people the necessity of keeping the first day of the week. There are calamities on sea and land; and these calamities will increase, one disaster following close upon another; and the little band of conscientious Sabbath-keepers will be pointed out as the ones who are bringing the wrath of God upon the world by their disregard of Sunday. Satan urges this falsehood that he may take the world captive." Review & Herald article Vol. 61, No. 12, Tuesday, March 16, 1886 (Whole No. 1556). This is Vol. 1 of a 6 vol. series of all the R & H articles by EW, page 405. Not 1 in 20 were ready in EW's day. What would it be today! Read also Vol. 70, No. 3, Aug. 1, 1893, (Whole No. 2027) Vol. 3, page 69. EW applies Christ's words about Opemman in Matt. 11:23, Luke 10:15, to EAs.

She also said that the angel revealed to her that Jesuit agents are all over the world and all through the EA organization. They are in every major EA Church in the USA. I then asked her if Desmond Ford and Walter Kim were Jesuits and she said, "Yes, definitely." I asked her about Sam Bacchiocchi (a professor at Andrews U. who graduated from the Jesuit Gregorian U. in Rome and has the Pope's imprimatur on his first book). She said, "Oh, yes, he's a Jesuit agent." She said that was out in the open and obvious, which is true. I also asked her if Roland Heggstad, editor of our religious liberty journal, LIBERTY is a Jesuit too, and she said, "Yes, he is." She then explained what the angel had shown her about different types of Jesuits. She said very few are of the "Alberto" type. That is very few are raised and trained and then sent out to infiltrate as Alberto did before he was converted. She said that the vast majority of Jesuit agents are "recruited" through blackmail. That is, they are led into some immoral act like adultery or taking money. Then this is held over their heads and used to put pressure on them to conform to Kim's plans and objectives to destroy the EA church's witness by either bringing in false doctrine or just causing confusion and dissension and turmoil so there is no unity in the churches. We know from history and Alberto's testimony that Rome has Jesuit agents in every political and religious organization in the entire world. But he said there are more in the EA Church, for its size than any other denomination. She said once a person (usually a man, but women are used too, but there are not as many of them) agrees to go along with Rome that they are allowed to stay in their position and will even be advanced "up the ladder" to higher positions of influence and trust as long as they "obey" and do as they are told. Some are held and controlled through fear and then there are others who rather enjoy their work and even become bold, brazen and aggressive in their work for Rome in the EA Church. She said that she heard by taped interview with Alberto and agrees with it. In fact, she said she was expecting to hear more names of ministers and leaders in the EA Church organization. She said the angel showed her many in the General Conf. and was very surprised at who some of them were. She said she could not tell me their names when I asked. She said the majority of Jesuits are on the local level of the EA Church. Then she said that they are watched very carefully all the time and if any get out of line or do not do what they are told, that they are killed and replaced by a double who learns all their mannerisms, their voice, etc. She said the double that is chosen to replace someone learns all of this first before the uncooperative or disobedient agent is removed and that the double may even have plastic surgery done on him in order to look exactly like the one he is replacing. She said five G.C. men had already been killed and replaced by doubles. I once saw a film on TV in which a leader or president of a country was killed and the man who replaced him had plastic surgery done on him so no one could tell the difference. She also said the angel told her that the Jesuits will be allowed to "put her to sleep" (kill her) in such a way in Sept. or Oct. to make it look like a suicide so as to discredit everything she is saying now. She and her husband now belong to the Ethred, Oklahoma EA Church, but since she has been doing the bidding of this angel from the Lord she has been receiving a lot of flak and some people and leaders have been trying to get to be quiet. She says she has had cancer for three years and a tumor on her brain which causes her to have a dull headache all the time. I asked her if she had asked God to take it away and she said she had, but that the Lord told her he would take care of her and not to worry. She said she is looking forward to going to sleep to sleep in peace. She said she is looking forward to going to sleep to sleep in peace.

She said she is looking forward to going to sleep in Jesus due to all of the physical and mental affliction and now the added hassel from people in the church because she is doing God's bidding. When I talked to her yesterday (she has recently been in the Keene area and really stirring the people up) she told me the angel told her to visit an SDA who was committing adultery among other sins. She went to her house (she didn't say where the lady lived) and told the lady her name, but she would not let her in, so she just told her at the door that God had told her to bring a message of repentance to her and the Lord wanted her to stop committing adultery and gossiping. Lana said the lady started yelling and cursing her and taking God's name in vain and told her to go away. But Lana was of good courage. She said she had just spoken to a Spanish group who had accepted her testimony and message, which made her very happy. She says that she is willing to go anywhere and give a talk on what the Lord has shown her. A man in Keene flew her down to speak. If you wish to talk to her yourself, her phone number is 1-405-282-6199. I present this info to you for your consideration, research and study. I will leave it up to you to decide yourself if her experience is true or not. Test the spirits. I am going to just watch and pray and work and see what happens. We know the end is near and the SDA organization appears to be dying. My God help us. mfc.
